

SUNON AC Fan Label Identification

Sunonwealth Electric Machine Industry Co., Ltd. created its own brand, "SUNON", to market its products globally and has used its international trademark since 1982. In order to protect customers' rights, Sunon has modified its AC fan label to include a watermark design. The tables below show the difference between the new and old label and will help customers more easily recognize when they are purchasing authentic SUNON products with high technology, quality and reliability.

How to assure that the SUNON AC fans that you purchase are SUNON authentic products?

Pay careful attention to the following information on the label :

- 1、Label does not include the shape of a pentagon.
- 2、There is a watermark on the label.
- 3、Model no. is marked correctly. (To search model no. : <http://www.sunon.com.tw/pro.php?c1=2>)
- 4、Label colors are silver and green.
- 5、Label texts are clear.
- 6、Manufacturing place is marked on the label.
- 7、Date code is marked on the label.
